

# Emmanuel Dogbe

## Front End Developer & Design

### PROFILE

As a talented front end developer with a love for designing outstanding online experiences, I bring to the table a potent combination of technical know-how and originality. I am committed to creating responsive, user-friendly websites that not only meet client objectives but also push the limits of style and functionality. I have skills in forecasting, project management, friendly, social person and strategic planning with exceptional communication abilities. Thorough in monitoring trends and capitalizing on emerging opportunities.
